Experience

Data Analysis Assistance
Venkat Switchgears   **June 2019 - February 2020**
Bengaluru, India

- Assisted in data extraction and visualization to uncover key findings.

Data Science Internship
ExcelR Solutions   **September 2018 - March 2019**
Bengaluru, India

- Developed two projects for machine learning models with classification and prediction respectively.
- Project 1: Classifying tripping causes of transformers and predicting the causes using this model with same variables for data with unknown tripping cause.
- Project 2: Using a prediction model on a data set with target as profits which can further be used in prediction of profits for new start-up companies.
